Description delegation members

INSTITUTIONAL DELEGATION

Generalitat de Catalunya
**Departament de Territori
 i Sostenibilitat**

GOVERNMENTAL INSTITUTION

Government of Catalonia. It is the governmental public institution that administers the region of Catalonia. The main function of the Territory and Sustainability department is to carry out the roles of a permanent observatory of the transport and logistics sector, as well as to coordinate actions and measures aimed at improving the situation of freight transport and related activities, especially infrastructures.

Agencia Tributaria

PUBLIC ADMINISTRATION - TAX AGENCY

AEAT. Aduana de Barcelona: AEAT. Customs of Barcelona. Is a public law body attached to the Ministry of Finance and Public Administration through the Secretary of State for Finance, and on whom depends the Customs of Barcelona. Its functions are the effective application of the state customs tax system, and those resources of other national public administrations or of the European Union, as well as being responsible for customs management, repression of contraband through control actions, and security in the logistics chain.

Port de Barcelona

PUBLIC COMPANY OF PORT SERVICES

Port of Barcelona: The Barcelona Port Authority has established its mission as an organisation, its vision, and the values that must guide its behaviour as an institution. The entire organisation strives day after day to achieve these goals:

Mission: To generate prosperity in our community, increasing the competitiveness of our customers by providing efficient and sustainable logistics and transport services.

Vision: SMART logistics hub. The SMARTest logistic hub in the MED.

Port Tarragona

PUBLIC COMPANY OF PORT SERVICES

Port de Tarragona. It is a fishing, commercial, passengers and sports port, located at the city of Tarragona, 100 kilometres away from Barcelona. It is one of the most important maritime ports of the Mediterranean coast.

INTERMODAL LOGISTICS CENTER

CILSA. It is the mercantile company that manages the port concession of the Logistics Activities Zone (ZAL) of Port de Barcelona, whose objective is to generate maritime traffic with logistics infrastructure services, with added value to the goods. Indeed, it aims to be an efficient logistics hub, and therefore, an economic engine for the city of Barcelona.

TRADE MISSION
PORT DE BARCELONA
 Port Authority
 MUMBAI
 16TH - 18TH OCTOBER | 2023

PUBLIC LAW CORPORATION THAT PROVIDES COUNSEL, INFORMATIVE AND PROMOTION SERVICES TO COMPANIES

Barcelona Chamber of Commerce is an organisation that groups together economic operators from all sectors of activity. All companies, both from Spain and abroad, operating within the Chamber's area of influence, can become members. They represent approximately 300.000 companies (including the self-employed, entrepreneurs, small and medium-sized enterprises and corporations) from the city of Barcelona and the outlying areas of Barcelonès, Baix Llobregat, Garraf, Anoia, Alt Penedès, Barcelonès Nord, Maresme, Osona, Berguedà and Vallès Oriental.

Barcelona Shipping
 Agents Association

CONSIGNEE AGENT ASSOCIATION

Barcelona Shipping Agents Association. Represents, manages and defends the rights of Consignee Agents members, being 48 in 2019. The association provides technical and legal advice, promoting and maintaining relationships with the Administration and Government bodies. During 2017, its associates consigned 5,686 ships in the Port of Barcelona.

ASSOCIACIÓ D'EMPRESES
 ESTIBADORES PORTUÀRIES
 DE BARCELONA

STEVEDORING COMPANIES ASSOCIATION

AEEPB: Association of Stevedoring Companies of Barcelona. Represents the group of shipping companies in Barcelona that are responsible for carrying out port operations that handle goods at the terminals of the Port of Barcelona. This association represents, manages, and defends the socioeconomic and professional interests of its members and leads the maritime and statistical studies to improve the economy of its sector.

ATEIA-OLTRA
 Asociación de Transitarios Internacionales de Barcelona
 Organización para la Logística, el Transporte y la Representación Aduanera

FREIGHT FORWARDER AND LOGISTIC OPERATORS

ATEIA-OLTRA Freight Forwarders Association of Barcelona. Association constituted by the freight forwarders, logistics and customs representation sectors. Its objective is the management and promotion of the freight forwarder's companies and the defense of its interests. One of its main goals is the public and institutional recognition of its associated companies.

PORT CUSTOMS AGENT ASSOCIATION

COACAB: Association of Customs Agents and Commissioners of Barcelona. Association in charge of bringing together the group of Customs Agents and associated companies, in order to defend their interests and to represent them in front of institutions; by offering legal advice, information, and training to its members.

ASSOCIATION OF INTERNATIONALIZED INDUSTRIAL COMPANIES

AMEC. Entity that brings together the main international industries of Spain. It is a visionary, collaborative, self-governed community, and a powerful lobbying activity. Its main objective is to internationalize the Spanish industries, as a key element for their competitiveness. They are specialized in innovation, competitiveness, representation, networking, collaboration, anticipation, adaptability, and sustainability.

ENTERPRISES DELEGATION

LOGISTICS OPERATORS

CONTAINER PORT TERMINAL

HutchisonPorts BEST - Barcelona Europe South Terminal. Semi-automated terminal of the Hutchison Ports Group and the most technologically advanced port project in the Mediterranean, achieving the highest productivity rates in Europe, with 2,360,000 TEUs per year. It has 11 SuperPost-Panamax dock cranes, 54 automated cranes (ASC) and 30 Shuttle Carriers. Its technical characteristics are: 1.500 meters of dock with 16.5 meters of draft and a storage area of 79 (ha) containers with 27 automated blocks, and the capacity to store and monitor 1,350 refrigerated containers.

MULTIMODAL OPERATOR, SPECIALIZED IN AUTOMOTIVE LOGISTICS

Setram. It is a multimodal operator of automotive logistics with a fleet of more than 270 sets of vehicle carriers (for the transport and distribution of vehicles both in the Spanish and the entire European market) and a network of maritime and inland terminals, including the largest logistics centre of Catalonia. It is committed to quality, safety, innovation, and the inclusion of great efficiency tools for the management of port terminals.
